

Whispering Brook

**2018 WHISPERING BROOK SINGLE VINEYARD
HUNTER VALLEY SHIRAZ**

\$60 / 2033

21yo vines growing in red volcanic clay loam soils. Aged for 17 months in French barriques, hogsheads (30% new), and a puncheon. There's a sense of polish and precision about this wine; Hunter shiraz with regional and varietal identity, but a touch of gloss as well. Medium weight, ripe red fruit, earth, spice and balanced astringency are the key ingredients. 14.5% alc. *Steven Creber*

WINEMAKER

Susan Frazier and Adam Bell

What do you love most about this style of wine?

We love the way that shiraz has evolved over the decades in our vineyard. The vines, rooted in our red volcanic clay loam soils, produce medium to full-bodied, dark-fruit driven shiraz with the potential to age in the bottle.
